PET HEALTH PLANS

Your veterinarian's services
**at your fingertips for less money
and in your trusted veterinarian**

OBJECTIVE

Prevention and early diagnosis of diseases.

It includes:

- Anti-rabies vaccination
- Extra vaccination Leptospirosis, Canine distemper, Canine viral hepatitis and Canine Parvovirus or, in the case of felines, prevention against Calicivirus, Rhinotraqueitis, Panleucopenia and Feline Leukemia.
- Internal deworming
- Annual review of the main hematological and biochemical parameters
- Two free annual veterinary visits by appointment
(NOT INCLUDED IN THIS PRICE SPECIAL CONSULTATIONS OR DURING URGENCY HOURS)
- 20% discount on services performed at the clinic, consultations, surgeries and diagnostic tests.

- Annual analysis of Leishmaniasis, Ehrlichia, Borrelia, Anaplasma and Filarias for dogs.
- Annual analysis of Leukemia, Filaria and Feline Immunodeficiency for cats
